

Operating Rules

INTRODUCTION

CBL Markets (USA) LLC and CBL Markets (Australia) Pty Ltd (each, as applicable, the "**Market Operator**") jointly and severally operate a spot exchange platform through which Participants engage in Transactions involving specified types of Products (the "**Market**"). Where those Transactions involve Australian Carbon Credit Units ("**ACCUs**"), the Market Operator provides a market-making trading platform rather than a spot exchange.

These Market Operating Rules (each, a "**Market Rule**" and collectively, the "**Market Rules**") are the operating rules for the Market. In accordance with Applicable Law, these Market Rules are binding on the Market Operator and all Participants.

These Market Rules should be read in conjunction with the Procedures, the Standard Instruments Program, the Statement of Support and all Applicable Laws.

The Market Rules promote a fair, orderly and transparent market by defining how Participants can participate in the Market and submit OTC Trades for settlement, use the Transfer Service in the Market, use the Market Registry Services, how the Market Operator will operate the Market and how compliance with the Market Rules will be enforced.

The Market Rules address Transactions involving:

- (1) Asset Units considered non-financial intangible commodities under Applicable Law, and
- (2) in limited part, Financial Units considered financial products for the purposes of the Australian *Corporations Act 2001* (Cth), specifically ACCUs.

CBL Markets (Australia) Pty Ltd makes a market using a trading platform in Australia for the execution of Transactions involving ACCUs and holds an Australian Financial Services Licence No. 536825 to do so. Only those Participants who are classified as Wholesale Clients will be permitted by the Market Operator to place ACCU Orders, either on their own behalf or on behalf of a Wholesale Client (except for the sole purpose of retiring ACCUs). Participants are responsible for ensuring any clients they act on behalf of meet the definition of Wholesale Client, as defined in these Market Rules.
